WASTE MANAGEMENT POLICY

- According to institutional green protocol, M. S. P. Mandal's Shivchhatrapati College, Aurangabad maintains a strict and eco-friendly waste management mechanism.
- Institute is communicating the waste management policy of the institute with staff, students, and other agencies in the campus to ensure all are aware of the waste management strategy followed by the institute.
- The entire stake holders of the institute are directed to take the ethical responsibility in reducing individual waste generation based on the waste management slogan of the institute: Reduce, Reuse and Recycle.
- The policy binds all the institutional activities to the dual principles of plastic reduction and lowest waste generation.
- Innovative and practical measures for waste management introduced by various departments of the government, and scientific agencies should be implemented in the institutional campus after making studies on its acceptability.
- The institute is trying to admit its environmental responsibilities and recognizes its responsibilities to donate in the resolution of global and local environmental issues by minimizing its environmental impact.
- The institute understands the significance of legal requirements and to manage its waste responsibly, reduce the volume of waste sent to landfill and maximize reuse and recycling where possible.
- All the teaching and non-teaching staff, students, guests and anyone else making use of the premises to comply with this Policy and associated to ensure compliance with all waste legislations.
- Any solid waste generated in the campus shall be managed and handled in accordance with the compliance criteria and the procedure laid down in Municipal Solid Waste.
- The waste which is decomposable is grind by grinding machine and used in composting”.

Policy Statement: “The institute will adopt the principles of the best practicable environmental option in the delivery of its waste management services. The institute will apply a waste hierarchical approach, to reduce, reuse, recycle and recover waste products in preference to the disposal of waste to landfill”.

Policy objectives:

- To promote environmental awareness for increasing and encouraging waste minimization.
- To follow the 3Rs - Reduce, Recycle and Reuse principle.
- To minimize waste generation at source level.
- To define roles and responsibilities for waste management to identify and co-ordinate each activity for the waste management.
- To facilitate repair, reuse and recycling over the disposal of wastes in a cost-effective manner.
- To ensure waste management in accordance with all waste legislative requirements along with the duty of care.
- To provide appropriate training for staff, students and other stakeholders on waste management issues.
- To ensure safe handling and storage of wastes on college campus.
- To promote holistic approach of waste management in the campus.

Hazardous Waste Managements:

- SOPs are followed by Departments for handling and disposal of hazardous waste.
- The institute does not offer courses using chemicals end compounds with high risk of intensity and side effects.
- In college canteen we use glass cups and stainless steel plates for tea and snacks respectively due to these plastic and paper cups are avoided.
- Cigarette smoking is strictly banned in the college campus.
