Report on Restricted Entry for Automobile in College Campus

- M. S. P. Mandal's Shivchhatrapati College, Aurangabad follows the practice of restricted entry for automobile in college campus.
- The practice is a part of green campus initiative policy adopted by the institution.
- It is essential from the environmental perspectives as combustion of automobiles creates a lot of pollution.
- The combustion of fuels in automobiles mainly emits oxides of carbon, sulfur and other toxic nature which are one of the causes of greenhouse effect and the global warming.
- The emission from automobiles also contains contaminants causing a threatening impact on the atmosphere.
- Micro and macro level emission products of fuel combustion in automobiles in the form of particulate matter are harmful to the environment and living kingdom.
- Oxides generated through the combustion of fuel in the automobiles are harmful to the human respiratory system.
- Staff and students are informed for not to allow the entry of automobiles in the college campus.
- Shivchhatrapati College encourages students to use bicycles for transport.
- We are committed to build and maintain restricted automobile free campus and the same will be continued.
