## **Report of Awareness On Save Trees Save Environment in College Campus**

---

### **Introduction:**

Trees are important to our life as they provide food and other products. Life without trees is difficult. Life on the earth will be finished without trees. Social awareness now-a-days and have been included in the student's life through the study.

Trees provide us life as they are the source of oxygen, absorbers of carbon dioxide and source of rain. Trees absorb CO<sub>2</sub>, and release fresh air from toxic gases and prevent us from the air pollution. Trees are the precious gifts to the humanity on the earth's surface and we must be grateful with honor and preserve them for the welfare of mankind wellness.

Trees are the "Green Gold" on the earth.

Currently trees need to be saved. Stakeholders of society must be made aware of reducing deforestation and cut down of trees. So it is essential to create awareness among the stakeholders of the society for sustainable environment.

### **Practice at the institute:**

- The institution follows the **Environment and Energy Policy**.
- The institution is dedicated for applying, preserving, and continually improving environmental management and sustainability.
- The institution formulates its policies obeying with all relevant environmental legislation, standards, agreements, policies, and procedures decided by the central and state governments.
- The institution is grateful to protect the environment through the prevention of pollution, sustainable development, and maintenance and improvement of the natural and environment.
- Institution has created awareness among the stakeholders using slogans of "**SAVE TREES**" in the college campus.
