Report on Study Tour

On Tuesday, 28-02-2023, 28 students of Psychology Study tour at Dishaa Neuropsychiatry Hospital ,Cidco N-5,Aurangabad, from 09:00 a.m. to 01:30 p.m. This brief but intensive Study tour provided first hand practical insight into the workings of a mental hospital and the day-to-day activities of mental health professionals including but not limited to psychiatrists, clinical psychologists, occupational therapists, psychiatric nurses, mental health social workers and psychometrists to name a few. The major objective of the Study tour was to get students to relate their classroom knowledge of symptoms and treatments of mental disorders to the realworld setting, observing similarities as well as discrepancies. Other than observing patients with common disorders like schizophrenia spectrum, bipolar, addiction, neuroses, etc. they also got a chance to observe the medico-legal, emergency, outpatient, IQ assessment and occupational health departments in action. Fortunately they got an opportunity to observe live cases of patients being diagnosed via the DSM-5 as well.
